The Embargoes Enforced on the TRNC cannot be Applied in Education”

Nazım Çavuşoğlu, TRNC Minister of National Education, emphasized that the TRNC, with its student island and student-friendly identity, is making a great effort to carry its graduates to the future. Stating that the embargoes enforced on the TRNC could not be applied in education because the information is spread everywhere, Minister Çavuşoğlu noted that the big world would benefit from the information produced in this small society. Stating that nearly 100 thousand students from over 100 countries are studying at 21 universities in the TRNC and that there are academics from nearly 80 countries, Minister Çavuşoğlu asked everyone to benefit from the pool created by this diversity. Minister Çavuşoğlu wished health and happiness to all graduates and their families.

“My Heartfelt Congratulations to All Graduates and Their Families”

President Ersin Tatar started his speech by extending his heartfelt congratulations to all the graduates and stated that the graduates of EMU, one of the most important institutions of the TRNC they are proud of its past and achievements, have opened a new page in their lives. Providing lifelong education and development advice to graduates, President Tatar pointed out the importance of being brave to overcome all obstacles. Noting that the graduates received education in the TRNC ready to contribute to their country and humanity, President Tatar also congratulated the families of the graduates.

After the speeches, the diplomas and awards were presented to the highest ranking students of the faculties and departments by the protocol. Afterwards, the graduates of the 2021-2022 Academic Year Spring Semester were awarded their diplomas. The ceremony continued with the concert of the Öldüren Şampanya. In the end, after Rector Prof. Dr. Aykut Hoca'nın's countdown accompanied by the Vice Rectors, the caps were thrown into the air.
