

EMU LISTED AS THE TOP OF CYPRUS

Eastern Mediterranean University (EMU) achieved a phenomenal success in Nature Index, one of the most prestigious academic ranking platforms worldwide. According to the 2025 data, EMU secured the top position across Cyprus with a contribution score (Share) of 7.21. This outstanding performance was primarily attributed to the influential scientific research outputs from EMU Department of Physics within the Faculty of Arts and Sciences.

A majority of EMU's contribution score came from studies published in prominent international journals such as European Physical Journal C and Journal of High Energy Physics. Research in the fields of advanced physics, such as quantum gravity, black hole physics, and high-energy theories, has significantly boosted the university's output in basic sciences and increased its international prominence.

The studies conducted by Prof. Dr. İzzet Sakallı, the Chair of EMU Departments of Physics and Chemistry; Prof. Dr. Habib Mazharimousavi, the Vice Chair of the Department; and Department academic staff members Prof. Dr. Omar Mustafa and Assoc. Prof. Dr. Ali Övgün, exemplified EMU's dedication to scientific excellence.

"One of the Most Prolific and Impactful Physics Research Centers in the Region"

A statement released by the Dean of EMU Faculty of Arts and Sciences Prof. Dr. Mehmet Ali Özarslan, read; "This accomplishment reaffirms EMU's Department of Physics as one of the most prolific and impactful physics research centers, not just in Cyprus but across the wider region. Leading the Nature Index rankings has reinforced the university's reputation within the global research

Top 10 institutions from Cyprus by Share

Institution	Count	Share
1. Eastern Mediterranean University (EMU)	16	7.21
2. University of Cyprus	69	5.14
3. The Cyprus Institute (Cyl)	21	4.09
4. Cyprus University of Technology (CUT)	4	1.52
5. European University Cyprus	13	0.65
6. Frederick University	3	0.33
7. Cyprus Institute of Neurology and Genetics (CING)	7	0.29
8. XeUS Technologies Ltd.	2	0.29
9. University of Limassol	2	0.17
10. Cyprus Wildlife Research Institute (CWRI)	1	0.11

community and underscored its ongoing dedication to advancing scientific production with steadfast resolve".

EMU Rector Prof. Dr. Hasan Kılıç also made remarks on this achievement, underscoring that university's outstanding performance in scientific production has elevated its reputation both in regional and international platforms. Prof. Dr. Kılıç added; "At EMU, our focus on scientific inquiry, combined with the dedicated efforts of our academic staff, is producing measurable outcomes. Leading the Nature Index is a proud moment not only for our academic community but for all of Cyprus. Our institution remains committed to progressing steadily towards scientific excellence in the years ahead".

What is Nature Index?

Launched in 2014 by Nature Portfolio, the Nature Index is a scientific ranking system that measures the high-impact publication output of universities and research centers. It evaluates articles published in disciplines such as life sciences, earth sciences, and health sciences, focusing on both the quality and influence of the research. The rankings are based not only on publication counts but also on the weighted contributions (Share) to those publications.

By 2023, the index encompassed 146 journals, including some of the most esteemed titles globally, such as Nature, Science, Cell, Physical Review Letters, and Journal of High Energy Physics. It serves as a key reference point for assessing academic excellence worldwide.

AZERBAIJAN HEDEF GROUP VISITS EMU

A delegation from Hedef Group, one of the leading education institutions of Azerbaijan, paid a visit to the Eastern Mediterranean University (EMU), accompanied by their Founding Chair Assoc. Prof. Dr. Şamil Sadık. The delegation visited EMU Rector Prof. Dr. Hasan Kılıç and attended various educational programs within the campus.

During the said visit, parties expressed their shared intentions to strengthen educational cooperation between the two countries and to promote student exchange initiatives. The discussion also highlighted the importance of implementing practical measures to enhance Azerbaijani students' access to universities in the Turkish Republic of Northern Cyprus.

"An Important Step for the Turkic World"

Making remarks at the meeting, EMU Rector Prof. Dr. Hasan Kılıç emphasized that they have always felt friendship and closeness with Azerbaijan. Prof. Dr. Kılıç remarked that establishing such ties represents

>> Pg. 2

AZERBAIJAN HEDEF GROUP VISITS EMU

a significant strategic vision for EMU and noted that this cooperation holds particular importance for the broader Turkic world. He expressed confidence that the relationship is grounded in mutual trust and strong foundations. Highlighting the value the university places on student exchange programs and outreach efforts, Prof. Dr. Kılıç pointed out that academic mobility plays a key role in helping students engage with different cultures and expand their worldviews. Reaffirming EMU's commitment to international student diversity, he added that the university will continue to advance its work in this area.

“A Matter of Great Pride for Us”

Also making an address during the visit, Founding Chair of the Azerbaijan Hedef Group Assoc. Prof. Dr. Şamil Sadık noted that the relations between Azerbaijan and the Turkish Republic of Northern Cyprus dates back 15 years. Assoc. Prof. Dr. Sadık said; “Building economic strength, particularly through education, alongside cultural and political influence is very important. Entering into a potential agreement with EMU would be a great pride for us”. Stressing that education is a continuously evolving field, Assoc. Prof. Dr. Sadık introduced the delegation accompanying him and expressed that forming a partnership with EMU would be a meaningful development for Azerbaijan.

The visit concluded with an exchange of souvenirs and a photo shoot.

Hedef Group Delegation Participated in Training at EMU

During the visit, the Hedef Group delegation took part in a training program organized at EMU. Prof. Dr. Canan Zeki, Head of the Department of Educational Sciences at EMU's Faculty of Education, conducted a seminar on ‘Identifying and Managing Undesirable Behaviours in Students’. Meanwhile, EMU academic staff member Meryem Ezel delivered a seminar entitled ‘Effective Communication and Listening Skills’, sharing both practical techniques and theoretical knowledge in the field of communication. The delegation engaged attentively throughout the sessions.

A Visit to the President and the Minister of National Education

As part of their visit, Azerbaijan Hedef Group Delegation, accompanied by EMU Rector Prof. Dr. Hasan Kılıç, paid a courtesy visit to Ersin Tatar, the President of the Turkish Republic of Northern Cyprus and, Nazım Çavuşoğlu, the Minister of National Education.

The discussions served as a foundation for practical initiatives to enhance the presence of Northern Cyprus universities in Azerbaijan and to raise the enrolment of Azerbaijani students.

MEMORANDUM OF UNDERSTANDING SIGNED BETWEEN EMU AND ANADOLU UNIVERSITY

Eastern Mediterranean University (EMU) and Anadolu University (AU) signed a memorandum of understanding to enhance the academic collaboration between the two institutions. The agreement was signed by EMU Rector Prof. Dr. Hasan Kılıç and AU Rector Prof. Dr. Yusuf Adıgüzel during a ceremony held at Avrupa University Rector's Office Senate Hall.

Present during the signing session were; AU Vice Rector Prof. Dr. Serpil Koçdar, AU Faculty of Communication Sciences academic Prof. Dr. Murat Barkan and Director of AU International Relations Unit Dr. Zekiye Doğan.

The signed agreement outlines efforts to promote and encourage both short- and long-term exchange programs for academic staff and students. It also includes provisions for the mutual support of participation in various academic activities such as courses, conferences, symposium, and workshops. Furthermore, the agreement encompasses commitments to enhancing the exchange of knowledge and experience, fostering collaborative research and joint projects, and sharing information related to teaching and learning practices.

"To Strengthen the Exchange of Knowledge and Experience"

Speaking after the ceremony, EMU Rector Prof. Dr. Hasan Kılıç emphasized that the collaboration would bring significant benefits not only to the institutions involved but also to the broader academic community. Prof. Dr. Kılıç stated, "The protocol we have signed with Anadolu University will strengthen the exchange of knowledge and experience, and open new horizons in research, education, and student activity."

"As Part of Our Commitment to Internationalization, Our University Attaches Great Importance to Such Partnerships"

Also making comments on the topic, AU Rector Prof. Dr. Yusuf Adıgüzel highlighted that the cooperation protocol signed with EMU marks a key step in reinforcing collaboration in academic and scientific domains. Prof. Dr. Adıgüzel added; "I am confident that this agreement will contribute to both institutions through initiatives such as joint projects and exchange programs for students and academic staff. As part of our commitment to internationalization, our university attaches great importance to such partnerships".

Protocol signing session ended with an exchange of presents and a photo-shoot.

Türk Telekom High School Summer Camp visited
EMU Rector Prof. Dr. Hasan Kılıç, together with Anadolu University Rector Prof. Dr. Yusuf Adıgüzel, paid a visit to the "Türk Telekom High School Camp," organized through a collaboration between Anadolu University and the Anadolu Software Academy, with the support of Türk Telekom. During the visit, the two rectors interacted with the participating students, engaged in friendly discussions, and responded to their questions. The visit also included an exchange of ideas regarding the potential organization of a similar camp at Eastern Mediterranean University in the future.

EMU SETS A FIRST IN THE TURKISH REPUBLIC OF NORTHERN CYPRUS

YÖK APPROVED ARTIFICIAL INTELLIGENCE ENGINEERING PROGRAM

In line with its commitment to pioneering technological advancements, Eastern Mediterranean University (EMU) has reached another important achievement. The Artificial Intelligence Engineering undergraduate program, established within EMU Faculty of Engineering, Department of Computer Engineering, has received official accreditation from the Turkish Higher Education Council (YÖK), making it the first of its kind in the Turkish Republic of Northern Cyprus. This accreditation also makes EMU the sole institution in Northern Cyprus to offer a YÖK-approved Artificial Intelligence Engineering degree.

Training Aligned with the Needs of the Sector

As artificial intelligence technologies increasingly transform sectors like healthcare, transportation, finance, and defence, EMU is pushing forward its educational vision in this field. The program, led by EMU Faculty of Engineering, integrates theoretical knowledge with hands-on experience to prepare skilled engineers equipped to fulfil the sector's growing needs.

Practical Training with Artificial Intelligence Laboratory

Within the framework of the program, the Artificial Intelligence Laboratory built within the body of EMU has been equipped with cutting-edge high-performance computers, thanks to the support of the EMU Rector's

Office. This facility will enable students to engage in hands-on projects covering fields like machine learning, deep learning, natural language processing, and robotics.

Internationally Recognized Diploma

With YÖK accreditation, graduates of the Artificial Intelligence Engineering Program will earn diplomas that hold international recognition. The program is open to both local and international students and incorporates interdisciplinary elements such as ethics and social responsibility into its curriculum alongside engineering studies.

Up-to-Date Curriculum That Prepares for Future

The 4-year long undergraduate program combines different fields such as computer engineering, mathematics, statistics and ethics. The curriculum focuses on topics including deep learning, image processing, natural language processing, artificial nerve networks, mass data analysis and robotic systems. Furthermore, the program prepares students for professional life through a mandatory Final Project and internship experience prior to graduation.

Application Period Continues

Citizens of the Turkish Republic of Northern Cyprus and international students can submit applications for the Artificial Intelligence Engineering Program via <https://www.emu.edu.tr> address.

On the other hand, Republic of Türkiye citizens can enrol to the said program through ÖSYM placement system. For the 2025-2026 Academic Year, YÖK has allocated a quota of 60 people.

EMU Rector and Faculty of Engineering Made Remarks

Head of the EMU Department of Computer Engineering Prof. Dr. Zeki Bayram made remarks on the topic, saying; "It is a notable development that our Artificial Intelligence undergraduate program, which started enrolling students in the Fall 2023 semester with YÖDAK approval, has now also obtained YÖK accreditation. This accreditation confirms the quality of education we provide and assures our students that their diplomas will be recognized internationally, allowing them to pursue their studies with confidence".

Dean of EMU Faculty of Engineering Prof. Dr. Hüseyin Özkaramanlı said; "This program is not just an undergraduate program, it is also a vision for raising individuals who would contribute to the future of artificial intelligence".

Lastly, EMU Rector Prof. Dr. Hasan Kılıç addressed the topic and said; "Delivering top-tier education in Artificial Intelligence depends on both a robust academic program and advanced technological resources. In this context, we are proud to provide our students with a globally competitive learning environment".

DUAL POSTGRADUATE DEGREE PROGRAM TO BE CARRIED OUT BETWEEN EMU AND UPPA UNIVERSITY WILL START STUDENT ADMISSIONS

Within the scope of the collaboration protocol run between the Eastern Mediterranean University (EMU) and Pau et Pays de L'Adour University (UPPA), dual "Mathematics" master's program, carried out by EMU Faculty of Arts and Sciences, Department of Mathematics' "Mathematics" master's program and Pau et Pays de L'Adour University's "Mathematical Modelling and Simulation" master's program, will commence admitting students.

Through this program, students who meet the academic requirements of both institutions will graduate with individual master's degrees from each university. During their studies, they will attend courses at both universities at different stages, allowing them to gain a diverse and enriching academic and cultural experience. The initial phase of the program will take place at EMU, after which students will complete their remaining studies at UPPA in France and graduate.

EMU Faculty of Arts and Sciences Dean, Prof. Dr. Mehmet Ali Özarslan, emphasized that the

dual degree program—developed through the collaboration of two Mathematics Departments recognized by global ranking organizations like Times Higher Education (THE)—will offer students a strong academic background. Moreover, Prof. Dr. Özarslan noted that the program not only allows students to experience diverse educational systems and engage with international academic communities, but also equips them with the skills needed to compete on a global level. Prof. Dr. Özarslan further highlighted the importance of combining the academic perspectives of two countries within a universal discipline like mathematics, offering students a highly valuable learning experience.

Prof. Dr. Ali Hakan Ulusoy, Director of the EMU Institute for Graduate Studies and Research stated that the dual diploma programs are a reflection of university's internationalization vision in postgraduate studies, saying; "While contributing to the academic studies of our students, such collaborations also significantly contribute their cultural and professional development. As EMU, we remain committed to increasing scientific

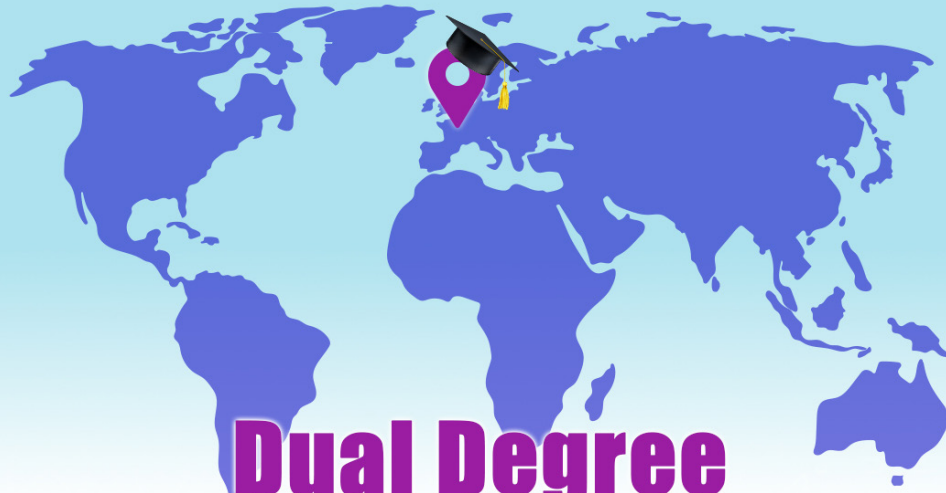

productivity and, raising graduates who are individuals ready for global competition".

EMU Rector Prof. Dr. Hasan Kılıç highlighted that international collaborations significantly contribute to the university's global academic presence and affirmed that dual degree programs reflect EMU's academic excellence. He noted that through strong partnerships with prestigious universities worldwide, EMU offers students the opportunity to receive an education that transcends borders. Prof. Dr. Kılıç also expressed confidence that the newly initiated dual master's program between EMU and UPPA will enhance the university's scientific output, and underscored their commitment to supporting students as they pursue a globally connected academic path.

Applications for the program can be submitted via <https://applyonline.emu.edu.tr/> web address. More information regarding the program can be obtained by contacting 0533 820 6332 WhatsApp line or from <https://fas.emu.edu.tr> webpage.

"ICDIMSE 2.0" CONFERENCE HELD IN COLLABORATIONS OF EMU FACULTY OF ARCHITECTURE AND SATHYABAMA UNIVERSITY

Eastern Mediterranean University (EMU) Faculty of Architecture and Sathyabama University from India co-organized the "2nd International Conference on Design Innovations and Management for Sustainable Environment" (ICDIMSE 2.0). Hosted by India, the conference focused on environmental design and innovation in line with the sustainable development goals.

Vice Chancellor of the Sathyabama University Dr. T. Sasi Prabha delivered an opening address for the conference. On the other hand, EMU Vice Rector for Academic Affairs Prof. Dr. Osman M. Karatepe joined the event online, delivering an opening speech for the attendees. Both speakers underlined the multidimensional academic contribution of the event and the importance of global collaborations.

The conference, attended by distinguished experts globally both onsite and online, featured invited speakers such as Prof. Dr. Resmiye Alpar Atun, Dean of EMU Faculty of Architecture; Dr. Yu Chao from Business Department at the Chung Hua University; Dr. Sahar Attia, retired professor from Cairo University and member of the Egyptian Parliament; and Dr. Lidia Badarnah from UWE Bristol. Throughout the simultaneous sessions, many researchers and scholars engaged

in insightful debates, contributing significantly to the scientific discourse.

Prof. Dr. Remsiye Alpar Atun, the Dean of EMU Faculty of Architecture noted the faculty has prioritized academic quality for over 30 years. Prof. Dr. Atun said; "Our faculty delivers an educational setting that goes beyond technical knowledge, encouraging innovation, personal growth, and critical thinking. Engaging in international collaborations and shared academic platforms is a fundamental aspect of our vision."

Prof. Dr. Atun shared her pleasure about ICDIMSE 2.0 being held face-to-face after its

initial online edition during the pandemic. She highlighted the significant value of such events in promoting awareness and formulating new approaches in sustainable environmental design.

Thanking everyone who has contributed to the event, the speakers and all the participants, Prof. Dr. Atun concluded her speech by sharing that the upcoming 3rd ICDIMSE conference is planned to be hosted by EMU in the Turkish Republic of Northern Cyprus (TRNC), in continued collaboration with current partners. She warmly invited all academics and researchers to join this future gathering at EMU.

EMU FACULTY TOURISM PH.D. STUDENTS ATTEND THE 6TH CONFERENCE ON MANAGING TOURISM ACROSS CONTINENTS

Eastern Mediterranean University (EMU), Faculty of Tourism, Tourism Management Doctoral Program students Fetine Bayraktar and Niusha Talebzadeh attended the 6th Conference on Managing Tourism Across Continents (MTCON'25) held in Istanbul, successfully representing EMU at an international level. Organized by the Association of Turkish Tourism Academics (TUADER) with the theme of "Tourism for a Better World", the conference hosted over 400 academics from 55 different countries, serving as a significant international and scientific hub. Many prominent journal editors also attended the said event.

EMU's Institutional and Academic Contributions to the Conference

Organized under the leadership of the Association of Turkish Tourism Academics (TUADER), this year's congress was hosted by Istanbul Gedik University, with co-chair support from the University of Wolverhampton and the Rochester Institute of Technology. Key institutions such as the Republic of Türkiye Ministry of Culture and Tourism, the Tourism Promotion and Development Agency (TGA), Istanbul Metropolitan Municipality Tourism Branch, TÜBİTAK, and Turkish Airlines provided substantial contributions. Eastern Mediterranean University, joining forces with 20 other universities, took part in the joint university platform and offered academic support to the event.

EMU Rector Prof. Dr. Hasan Kılıç and EMU Vice Rector for Academic Affairs Prof. Dr. Osman M. Karatepe institutionally contributed to the conference by participating in the Advisory and Honorary Boards of the said event. On the other hand, EMU Tourism Research Center Coordinator Assoc. Prof. Dr. Hamed Rezapouraghdam took part in the Scientific Board of the conference, contributing in shaping of academic content.

At the event, Fetine Bayraktar delivered a presentation titled "Revolutionizing Hospitality: Managerial Insights into Digital Transformation in Tourism". On the other

hand, Niusha Talebzadeh contributed to the event with her presentation titled "Boosting Customer Brand Commitment by Designing Ethical AI Systems in the Hospitality Industry". Eastern Mediterranean University's Faculty of Tourism took an active role in the congress by delivering oral presentations and engaging in the panels and training sessions organized during the event. The congress not only provided a fulfilling academic experience but also played a significant role in enhancing networking opportunities and promoting academic cooperation among researchers and academics.

TOLES GRADUATES MEET AT EMU CAREER DAYS

As part of the 13th International Career Days, Eastern Mediterranean University (EMU) Alumni Communication and Career Research Directorate (MIKA) organized 'TOLES Graduates Summit' in collaboration with the EMU Faculty of Law, EMU Law Club, and the TOLES (Test of Legal English Skills) Promotion and Events Team operating under the EMU Law Club. Held at LA1 Amphitheatre at EMU Faculty of Law building, the event brought the Law Department and, Translation and Interpretation students together with individuals who achieved great success in their respective careers.

The event was attended by Assoc. Prof. Dr. Arzu Alibaba, the Acting Dean of EMU Faculty of Law; Assist. Prof. Dr. Emine Koçano Rodoslu, the Vice Dean of EMU Faculty of Law; Assist. Prof. Dr. Mutlu Kale, the Director of EMU Foreign Languages and English Preparatory School; Assist. Prof. Dr. Nazime Beysan, EMU Law Club Coordinator; and Senior Instructor Zehra Ertay from TOLES program. TOLES Program and Exam Coordinator, Senior Instructor Peril S. Emiroğulları delivered the opening speech of the event, reminding everyone that EMU has been an active center of TOLES examinations since 2012. Emiroğulları stressed that EMU's leading role in the field of TOLES. Moreover, Emiroğulları also touched on the TOLES Promotion and Events Team

which has recently been launched in the 2024-2025 Academic Year under the body of Law Club, saying that the said team was established with the aim of promoting and increasing the recognition of the program. Emiroğulları noted that the team is focused on enhancing and updating the TOLES program content on the EMU Faculty of Law website, while also striving to expand its reach to a wider audience via the newly launched official EMU TOLES Instagram account.

Guest speakers who are experts in their respective fields participated in the event and shared their experiences with the attending students. Among them were Iskenderun Court Judge Esma Nilsu Karadağ, Prosecutor Hüseyin Gökhan Eser from the Law Department of the Turkish Republic of Northern Cyprus, Legal

Advisor and Lawyer Selin Faydalıtürk, Lawyer Tutku Ece Akın from Karataş & Partners Law Firm and, Translator and Interpreter Feza Kılın.

Attracting interest from many students, the event highlighted the importance of the TOLES Legal English Exams—renowned internationally and favoured by top global law firms. Speakers shared how earning the TOLES certificate marked the beginning of their legal careers and offered insights into the opportunities and challenges students may face in the profession. The event concluded on an inspiring note, enriched by thoughtful questions from attendees. In a statement, the EMU Rector's Office expressed pride in serving as a center for this prestigious international exam, emphasizing the exceptional opportunity it offers to both students and the wider community.

TOLES EXAMINATION WAS HELD AT THE EMU FACULTY OF LAW

Eastern Mediterranean University (EMU) Faculty of Law successfully held the 2024-2025 Academic Year Spring Semester TOLES (Test of Legal English Skills) examination. The exam, which was organized in collaborations with EMU Continuous Education Center (EMU-CEC), EMU Foreign Languages and English Preparatory School (FLEPS) and Faculty of Law, was attended by total of 27 people.

Prior to the UK-based TOLES exam that evaluates professional proficiency in Legal English, two candidates shared their experiences regarding the exam and training process. Damla Davarcı, an EMU Law Faculty graduate currently practicing law in Bursa, and Arzu Alp, a graduate of EMU Faculty of Arts and Sciences, Department of English Translation and Interpreting, both spoke in an interview about how the TOLES training positively impacted their professional growth. They also expressed their appreciation for the comprehensive and professional preparation offered by EMU.

“While Opening Doors Abroad, TOLES also contributes to Personal Development”

Damla Davarcı, one of the candidates taking the TOLES exam, emphasized the importance of proficiency in legal English for a successful professional career. Currently working at her father's law firm, Davarcı highlighted how valuable the TOLES training has been, especially when handling translations for international cases. Davarcı viewed the TOLES exam not just as an assessment tool but as an investment in the future, noting, “Many legal professionals in Türkiye lack knowledge of legal English, which causes significant problems. TOLES not only opens

doors abroad but also contributes to personal development.” She strongly recommended that law students participate in TOLES program, stating, “This program will make a difference in your career. With the support of our instructors, invest in yourself and your future”.

“Holds Great Importance in terms of Professional Competency”

Another candidate, Arzu Alp, viewed the process as a crucial step in both her academic and professional growth. She explained that her motivation for taking the exam was to validate her academic skills and acquire an internationally recognized certificate, which she believes will be highly beneficial. Alp highlighted that mastering legal English at a professional level has enhanced her ability to comprehend and interpret documents more effectively, making her professional life easier. She stressed that TOLES is important not only for language development but also for demonstrating professional proficiency. Alp noted, “This exam builds your confidence and proves useful in any other tests

you undertake,” emphasizing the broad benefits of the TOLES qualification.

Vice Deans of EMU Faculty of Law Assoc. Prof. Dr. Demet Çelik Ulusoy and Assist. Prof. Dr. Emine Koçano Rodoslu, exam invigilator and EMU Foreign Languages Unit academic staff member Aslı Gönenç and, TOLES Program – TOLES Exams Coordinator academic staff member Peril S. Emiroğulları were present on the exam day. Prior to the exam, a commemorative photo was taken with participants and academics.

EMU Faculty of Law has been organizing the TOLES Exam since 2012, offering access to an internationally recognized certificate for graduates and professionals who actively work in the field of law.

More information regarding the TOLES exam can be accessed from the website of EMU Faculty of Law faculty (<https://hukuk.emu.edu.tr/en>) or the official Instagram account of the TOLES program (@emutolesofficial).

AWARDS OF “JUST LIKE A SHORT FILM” REELS COMPETITION PRESENTED AT EMU

The “Kısa Film Tadında / Just Like a Short Film” Reels Competition organized by the Eastern Mediterranean University (EMU), Faculty of Communication, Department of Radio, Cinema and TV has concluded with an awards ceremony held at Prof. Dr. Aysel Aziz Conference Hall. Offering a platform for young talents to showcase their creative storytelling techniques, the competition aims to increase the youth’s interest in media and cinema sector.

Delivering a speech at the event, Prof. Dr. Bahire Efe Özad, the Chair of EMU Department of Radio, Cinema and TV, expressed her appreciation to all academic and administrative personnel, jury members, supporting institutions and, attending students who have contributed to the competition. Prof. Dr. Özad Özad remarked that the competition infused the faculty with vibrant energy by engaging the enthusiasm of the youth, and she extended her congratulations to the young participants for their bravery in joining and their accomplishments.

In his address, EMU Faculty of Communication Dean Prof. Dr. Metin Ersoy underscored the importance of the competition, pointing out that the event offers students a platform to express their ideas and share their creativity with the community. Prof. Dr. Ersoy also mentioned that events like these play a valuable role in supporting young people’s career development and expressed the university’s commitment to nurturing emerging talents.

Also attending the event, EMU Vice Rector for Financial Affairs Prof. Dr. Salih Katircioğlu emphasized that the competition provides a significant opportunity for high school students to acquire knowledge and practical experience in cinema and new media. He further noted that such events enable students to start their university education with greater readiness.

Delivering a speech on behalf of Afsen Construction Ltd., one of the key sponsors of the event, Director Arif Köroğlu conveyed their pride and joy in supporting young talents and expressed their wish to see more initiatives that foster creativity among youth.

The works of young participants were carefully reviewed by a jury composed of industry professionals, including Mehmet Ekin Vaiz and Gülşen Erçin, directors of Neydi Olacağı advertising platform; Ahmet Yalçın, administrator of the Durumcuklar page; and EMU Cinema and Television Department faculty members Assist. Prof. Dr. Barçın Boğaç, Assist. Prof. Dr. Pembe Behçetoğulları, and Assist. Prof. Dr. Yetin Arslan. The submissions were evaluated and scored based on storytelling, technical skill, originality, and emotional resonance.

Ranking Students and Their Work

Havin Ceylan, a student from İskele Trade High School, won the Instagram video with the highest views for her piece titled “Küçük Mutluluklar”. After the jury’s assessment, first place was awarded to Meliz Bahri from Bülent Ecevit Anatolian High School for her video “Anıda Saklı Mutluluk” while the second-place prize went to Zahra Aghayeva from Atatürk Vocational High School for her work “Benimle Bir Gün”.

EMU DEPARTMENT OF SPECIAL EDUCATION DELIVERS TRAINING SEMINAR FOR PRACTICE SCHOOL TEACHERS

Eastern Mediterranean University (EMU) Faculty of Education, Department of Special Education held a training seminar for educators who work at practice schools as part of the undergraduate program. Held at the Assist. Prof. Dr. Ali Civelek Hall, the seminar featured Special Education Department academics Prof. Dr. Salih Çakmak and Assoc. Prof. Dr. Tamer Karakoç as speakers. Educators working at practice schools and, academics from the department participated in the event.

The first part of seminar focused on “Behaviour Change and Positive Behavioural Support Practices”. Delivered by Assoc. Prof. Dr. Tamer Karakoç, the session highlighted effective intervention methods for managing challenging behaviours faced by teachers working with special needs students in classroom environments. Key points included the significance of functional behaviour assessments, the use of positive reinforcement, and the development of personalized behaviour plans in the process of behaviour modification.

The second part of the seminar covered the topic of “Sexual Education Practices in Special Education” by Prof. Dr. Salih Çakmak who presented extensive information regarding sexual education practices for individuals with special needs. The session highlighted the critical need to support individuals with developmental disabilities, focusing on ensuring their privacy, security, and overall well-being.

Attending educators shared their contentment on participating at the said event and, noted that such seminars contribute their professional development.

ECOLOGICAL JUSTICE DISCUSSED AT EMU FACULTY OF COMMUNICATION

Eastern Mediterranean University (EMU) Center of Research and Communication for Peace (CRCP) and Faculty of Communication co-organized an event titled “Ecological Justice for Future” with the aim of drawing attention on environment and ecology. Held at the Prof. Dr. Aysel Aziz Conference Hall at EMU Faculty of Communication, the event featured environmental activist Hasan Sarpten.

Approaching the notion of ‘ecological justice’ within a multi-dimensional framework, Sarpten emphasized the impact of education system on environmental consciousness, the transforming power of civil society, environmental inequities and individual/ social responsibilities. Moreover, he also discussed how local and global

environmental policies are interconnected and highlighted the solutions being proposed to address the climate crisis.

Who is Hasan Sarpten?

Teaching biology since 2004, Sarpten assumed responsibilities in school administration since 2021. He currently serves as the principal of Şht. Turgut Secondary School.

Taking active roles in various non-governmental organizations in the early 2000s, Sarpten has become a key figure in Cyprus’s environmental movement. He is the founder of the nature-oriented online publication yesilkibris.org, has supported the creation of ecology-focused educational curricula, and has been instrumental in the founding of several environmental initiatives.

EMU-PDRAM SOUTH CAMPUS UNIT ORGANIZES ART THERAPY WORKSHOP FOR STUDENTS

Eastern Mediterranean University's Psychological Counseling, Guidance and Research Center (EMU-PDRAM) South Campus Unit organized an art therapy workshop for EMU students. The event was conducted under the leadership of EMU-PDRAM South Campus Unit's Senior Instructor and Psychologist Güler Ataş Buldu, along with Academic Staff Member and Psychologist Özlem Erginsoylu.

The workshop utilized art therapy methods to help students express their creativity. It aimed to enable participants to uncover their emotions, thoughts, and needs, while offering a secure environment for them to share their experiences with the insight they developed throughout the process.

EMU-PDRAM South Campus highlighted in their statement that the center's group activities

are specifically developed to promote students' mental well-being, improve their ability to express themselves, and reinforce their stress management skills. The statement further noted that a variety of mental health services focused on prevention, development, and protection—designed to support students both academically and socially—will be continuously expanded and diversified.

EMU-PDRAM SOUTH CAMPUS UNIT HOLDS AN EVENT TITLED 'AWARENESS-BASED RELAXATION PRACTICES PRIOR EXAMS'

Eastern Mediterranean University Psychological Counselling, Guidance and Research Center (EMU-PDRAM) South Campus Unit organized a seminar titled 'Awareness-based Relaxation Practices Prior Exams'. Aiming to help students with stress management during pre-exam periods, the event featured EMU-PDRAM South Campus Unit senior instructor and Psychologist Güler Ataş Buldu.

Delivered in English and Turkish languages, the workshop focused on mindfulness exercises, breathing and relaxation techniques and strategies for reducing exam anxiety. It also featured practical activities designed to enhance

focus and concentration, regulate mental functions, and promote bodily relaxation and awareness. During the seminar, students recognized the stress and anxiety they face before exams and were taught effective coping strategies. The interactive sessions provided participants with the chance to experience techniques they can use both in everyday situations and during exam times.

In a statement, EMU-PDRAM South Campus Unit emphasized that such events help students strengthen their psychological resilience, thereby positively impacting their academic performance. The statement also

confirmed that EMU-PDRAM will carry on with its efforts to support students.

EMU RECTOR PROF. DR. HASAN KILIÇ RELEASED A MESSAGE ON 20 JULY PEACE AND FREEDOM DAY

Eastern Mediterranean University (EMU) Rector Prof. Dr. Hasan Kiliç released a message on the 51st anniversary of 20 July Cyprus Peace Operation and the 20 July Peace and Freedom Day. The message by Prof. Dr. Kiliç reads as follows:

“We celebrate the 51st Anniversary of the 20 July 1974 Peace Operation—an historic turning point in the Turkish Cypriot people’s struggle for existence—and our Peace and Freedom Day by once again recognizing the profound importance of living in peace, safety, and liberty. Initiated by the Turkish Armed Forces to restore peace and order on the island, the operation safeguarded the presence of the Turkish Cypriot community, prevented Cyprus’s annexation by Greece, and allowed Turkish Cypriots to reclaim their peace and freedom. This meaningful day represents not only a military intervention but also a defining moment in the Turkish Cypriots’ fight for freedom, equality, and dignity. Without a doubt, the fact that Turkish Cypriots can live freely and securely today under their own flag in their own homeland is owed to the foundation laid by the 20 July Peace Operation.

Following this pivotal event, the current borders of Cyprus were established, and the foundations of the Turkish Republic of Northern Cyprus were laid. As Turkish Cypriots, on the 51st Anniversary of the 20 July Peace Operation, we continue our lives, now for

42 years, in our own sovereign republic, living freely, fearlessly, with our heads held high and in safety, looking forward to the future with hope. Thanks to 20 July, the Turkish Cypriot community has been able to exist with its own identity and build a democratic society. We have made significant progress across all fields, from education and health to science and the arts.

As the Eastern Mediterranean University, we move forward with a strong awareness of the importance of peace and freedom, upholding a philosophy that prioritizes scientific advancement, social

consciousness, and universal principles.

With these feelings and thoughts, we honour and remember with respect and gratitude the martyrs who sacrificed their lives for independence, our freedom struggle leader Dr. Fazıl Küçük, our Founding President Rauf Raif Denktaş, Türkiye’s Prime Minister at the time Bülent Ecevit, and Deputy Prime Minister Necmettin Erbakan. I express my gratitude to the heroic Turkish Army, our veterans, and our freedom fighters. I sincerely wish everyone a joyful 20 July Peace and Freedom Day and hope for year filled with peace and prosperity.”

EMU-SAGAM CHAIR ASSIST. PROF. DR. BURAK ALİ ÇİÇEK ISSUES A STATEMENT REGARDING THE STRAY DO GS ENCOUNTERED AT THE BEACHES

Eastern Mediterranean University (EMU) Faculty of Arts and Sciences, Biological Sciences Department Head and EMU Underwater Research and Imaging Center (SAGAM) Chair Assist. Prof. Dr. Burak Ali Çiçek issued a statement regarding the stray dogs encountered at the beaches which cause great threat against sea turtles. The statement reads as follows:

“Stray Dogs Cause Harms to Natural Life”

Sea turtles that nest on our beaches are key representatives of our island’s rich biodiversity and serve as important symbols. They are valuable not only for maintaining ecological balance but also for their economic contribution through eco-tourism.

However, there are various challenges we must address to ensure their protection.

A major threat we have been facing recently, particularly in the İskele - Gazimağusa area, comes from stray dogs. While cages are used to protect the nests, adult female turtles have still been attacked and killed. In fact, eight female turtles have been killed by dogs along the İskele - Gazimağusa shores this year.

Many of the stray dogs are hunting or commercially valuable breeds. This issue stems from people abandoning their pets when they no longer want to care for them. Owners who do not fully understand

the responsibilities of pet ownership often abandon their animals, which harms the well-being of the animals and endangers the natural ecosystem.

The attempts by the relevant institutions to capture and transfer the dogs to shelters have been inadequate. Without a prompt resolution, the likelihood that the soon-to-emerge hatchlings will successfully make it to the sea is very slim.

The Veterinary Department, working together with local municipalities, is setting up shelters and moving stray dogs into these centers to tackle the issue. Nonetheless, simply constructing shelters is insufficient. Releasing street animals back into nature is not a genuine act of ‘kindness’.

We call on all animal rights groups and dog enthusiasts to support the immediate removal of these dogs from the area and to aid in their adoption. It is crucial to report those who abandon their dogs on the streets to the authorities. Furthermore, pet adoption regulations should be revised to prioritize animal welfare, with proper identification for animals and the implementation of rigorous monitoring systems.”

PROF. DR. OSMAN M. KARATEPE RELEASED A MESSAGE ON BEHALF OF EMU-ATAUM ON THE 50TH ANNIVERSARY OF 20 JULY PEACE AND FREEDOM DAY

Eastern Mediterranean University (EMU), Vice Rector for Academic Affairs Prof. Dr. Osman M. Karatepe released a message on behalf of EMU Atatürk Research and Application Center (EMU-ATAUM) on the 51st anniversary of 20 July Peace and Freedom Day. The message released by Prof. Dr. Karatepe reads as follows:

“The 20th of July holds a great importance in the Turkish Cypriot history. This date signifies the foundation of the Turkish Republic of Northern Cyprus (TRNC), ensuring the safety of the Turkish Cypriot people and achieving their prosperity and freedom.

The social conflicts between the Turkish Cypriot and Greek Cypriot communities started in 1955 with EOKA's dreadful actions against the Turks. From then on, EOKA actively pursued the organization of Enosis and a 19-year struggle commencing at night of 1 April 1955 and continuing until 20 July 1974 began. From 1955 to 1974, the Turkish Cypriot community faced intense struggles in all areas. In this difficult chapter of history, the dedication and steadfast support of Dr. Fazıl Küçük, the leader of the Turkish Cypriot community, stand out as profoundly important and will remain etched in collective memory.

On 15 July, 1974, after the Greek Junta's coup against Makarios, Turkey, one of the guarantor powers, was forced to take military action on the

island. Prime Minister Bülent Ecevit was given full authority to implement all necessary measures for the nation's interests and safety. Ecevit publicly stated that the operation was aimed “not at war, but at peace; not only to bring peace to the Turks but also to the Greeks”, thereby marking the beginning of the operation. Consequently, based on Article 4 of the London Agreement, the Cyprus Peace Operation was launched on 20 July, 1974.

The goal of the operation was to safeguard the Turkish Cypriot community and restore constitutional order on the island. Rauf Raif Denktaş, then President of the Turkish Cypriot Administration, informed the public with the announcement: “Today, at this very moment,

the brave Turkish Armed Forces are conducting landings across Cyprus from both air and sea. May your victory be joyous”.

From that date forward, the effort to secure the existence of the Turkish Cypriot people was successfully achieved. The Turkish Federated State of Cyprus (TFSC) was established on 13 February, 1975, and this journey culminated with the creation of the TRNC on 15 November, 1983.

On this significant day, we wholeheartedly commemorate all the martyrs, salute our veterans and wish the Turkish Cypriot community a joyous 20 July Peace and Freedom Day.”

EMU DEPARTMENT OF INDUSTRIAL ENGINEERING ORGANIZES HONOUR – HIGH HONOUR CERTIFICATE CEREMONY

Eastern Mediterranean University (EMU), Faculty of Engineering, Department of Industrial Engineering organized a Honour – High Honour Certificate Ceremony for Industrial and Management Engineering Programs' students who have demonstrated outstanding success during the 2024 – 2025 Academic Year Fall Semester. The Ceremony also included a cocktail party.

During the ceremony held at the Faculty of Engineering, certificates of achievement were awarded to the successful students by the former Head of the Industrial Engineering Department, Assist. Prof. Dr. Emine Atasoylu, together with other academic staff. In her address, Assist. Prof. Dr. Atasoylu

congratulated the students on their success, underscoring that accomplishments like these play a crucial role in advancing their career paths and bringing them closer to their future ambitions. She further noted that this success reflects the students' commitment and hard work and extended her thanks to all who participated.

EMU ORGANIZES A CHILDREN'S BALL FOR THE STUDENTS OF SOS CHILDREN'S VILLAGE

With the sponsorship of Afik Group and Ceasar Resort, Eastern Mediterranean University (EMU) Faculty of Tourism and Community Involvement Center (CIC) co-organized a special children's ball for the students of the SOS Children's Village. The event which has been annually organized by EMU over the last 16 years, was held at Latomia 1933 located in Kyrenia.

Around 120 people attended the event including the SOS Children's Village Assistant Director Münür Yücekal, CEO of Afik Group Jack Afik, one of the Group Directors Özkan Karaağaç, Chair of EMU Community Involvement Center Assist. Prof. Dr. Nazenin Ruso Kandemir and the students of SOS Children's Village.

During the event that united EMU students with children from SOS Children's Village, EMU students greeted the kids dressed in playful costumes and hosted a range of vibrant and educational activities throughout the day. The event began with painting workshops for the children, followed by a DJ performance, face painting, ball games, and numerous other fun-filled activities that created an enjoyable atmosphere for the children.

At the event, SOS students showcased dance performances they had choreographed, while international students studying at EMU enriched the program with traditional dances from their own cultures. The event also included the presentation of various gifts to the children. Making an address, Afik Group CEO Jack Afik invited SOS Children's Village

students to another event to take place at the Aqua Park located at their facilities in Iskele.

At the end of the evening, Assist. Prof. Dr. Nazenin Ruso Kandemir, Chair of the EMU Community Involvement Center, together with Münür Yücekal representing SOS Children's Village, presented a certificate of appreciation and a gift to Jack Afik, a long-standing sponsor of the event.

Furthermore, Assist. Prof. Dr. İlkey Yorgancı, Acting Dean of the EMU Faculty of Tourism, warmly thanked all the students, academic staff, and generous sponsors who contributed to this meaningful event. Assist. Prof. Dr. Yorgancı highlighted that initiatives like this play a vital role in strengthening the university's connection with the community.

STUDENTS CLUB GATHERING HELD AT EMU

Eastern Mediterranean University (EMU), Social and Cultural Activities Directorate organized “2024-2025 Academic Year Student Clubs Gathering” event at the EMU Rector’s Office Building Poolside. The event was organized to celebrate the 2024-2025 Academic Year, honour the chairs and executive board members, advisors and instructors of the clubs.

The event commenced with a short promotional video consisting of work and achievements of EMU student clubs throughout the year, and continued with the opening speeches.

“We Have 53 Active Clubs”

In her speech, EMU Vice Rector for Student Affairs Prof. Dr. Sonuç Zorlu remarked; “Social life holds as much significance as academic life within universities. Student clubs reflect the vibrant and positive spirit of campus life. At our university, there are 53 active clubs operating under the Directorate of Social and Cultural Activities. Each of these clubs works diligently and with great commitment. I extend my sincere thanks to all club members for their valuable contributions and wish them ongoing success. We look forward to continuing our efforts next year with the same passion and determination”.

“EMU is More Than a University — It is a Way of Life”

EMU Rector Prof. Dr. Hasan Kılıç also made an address during the event, saying; “Tonight marks a truly special and meaningful occasion at EMU. As we bring the academic year to an end, this gathering has provided a valuable opportunity to reflect on our achievements and share the pride we feel in all that has been accomplished. Throughout the year, you have worked with remarkable dedication and energy. You have demonstrated that EMU is not only an institution of academic excellence but also one that serves the community in many ways—through initiatives that support students’ social growth and prepare them for the future. With a shared vision, you have shown creativity, produced meaningful outcomes, and created lasting impact. EMU is more than a university, it is a way of life. Each social and cultural activity adds unique value to our university experience. I would like to express my sincere gratitude to all clubs and everyone who contributed. Your efforts and the remarkable activities you’ve carried out have made a powerful impression”.

Plaques and Certificates of Achievement Presented

As part of the event, student assistants who work at the EMU Social and Cultural Activities Directorate were presented with plaque in recognition of

STUDENTS CLUB GATHERING HELD AT EMU

their devoted work. Furthermore, certificates of appreciation were presented to advisors and instructors. On the other hand, club chairs and executive board members received certificates of achievement.

The certificates and plaques were presented by EMU Rector Prof. Dr. Hasan Kılıç, EMU Vice Rector Prof. Dr. Sonuç Zorlu, EMU Social and Cultural Activities Director Cemal Kılıç, EMU Social and Cultural Activities Directorate Unit Supervisor Çiğdem Duvarcı and EMU Social and Cultural Activities Directorate staff member Mustafa Çakıcı.

Raffle Event Held

At the end of the evening, gifts donated by sponsor companies for student clubs were distributed through a raffle. The draw was conducted by Alper Önder, a member of the Software and Artificial Intelligence Development Club. After the raffle, the prizes were handed over to the lucky students.
